## INTERNATIONAL SYMPOSIUM ON

# Sustainable Urban Environment

### (ISSUE 2017)

## Poster Competition

Symposium invite poster from Graduate Students and Fresh Ph.D scholars awarded within last 2 years. If your abstract is accepted, your poster will be on display at the symposium, where international scientists, scholars and academia will see and discuss your work with you. Best poster award will comprise of citation, memento and a chance to be the part of next activity of the project. Prizes will be awarded to recognize research theme focused on “Water Conservation, Water Supply, Urbanization and Climate Change,” we are calling for posters in the following categories:

- ❖ **Water environmental issues and sustainability**
- ❖ **Climate change and water environment**
- ❖ **Water /wastewater treatment and reuse technologies**
- ❖ **Health-related water microbiology**
- ❖ **Water quality monitoring and modeling**
- ❖ **Public participation and involvement**
- ❖ **Water Resilience: Vulnerability and Response**
- ❖ **Data science and engineering for water system**
- ❖ **Innovation in operational water management**
- ❖ **River watershed management under the preview of urbanization, population growth and climate change**
- ❖ **Transforming water policy and groundwater governance for sustainable management**

### Registration Fee details

|                          | With Accommodation | Without Accommodation |
|--------------------------|--------------------|-----------------------|
| Faculty/Teachers         | Rs. 3,000/-        | Rs. 2,000/-           |
