Contents

Amursky Bay – an ecosystem under stress
K.A. Lutaenko and M.A. Vaschenko ................................................................. 7

Natural characteristics of the lower reaches of the Razdolnaya River valley
E.A. Chubar ....................................................................................................... 30

Geomorphological and hydrometeorological characteristics of the northern part of
N.I. Grigoryeva ................................................................................................ 44

Ecological state and long-term changes of macrozoobenthos in the northern part of
Amursky Bay (Sea of Japan)
A.V. Moshchenko and T.A. Belan ................................................................. 61

The composition and distribution of intertidal biota in the estuarine zone of Amursky Bay
(Peter the Great Bay, Sea of Japan)
M.B. Ivanova, L.S. Belogurova and A.P. Tsurpalo ....................................... 92

The Razdolnaya River impact on the composition of meioobenthos in the northern part of
Amursky Bay (Peter the Great Bay, Sea of Japan)
O.N. Pavlyuk and Yu.A. Trebukhova ......................................................... 143

Ostracod assemblages of the freshened part of Amursky Bay and lower reaches of the
Razdolnaya River (Sea of Japan)
M.A. Zenina and E.I. Schornikov ................................................................. 156

Long-term variations in the composition and distribution of recent benthic Foraminifera
in the northern part of Amursky Bay (Peter the Great Bay, Sea of Japan)
T.S. Tarasova .................................................................................................. 186

Barnacles in benthic communities of the inner part of Amursky Bay (Sea of Japan)
I.I. Ovsyannikova ............................................................................................ 207

Health of flatfish from Amursky Bay (Sea of Japan)
I.G. Syasina and V.B. Durkina ........................................................................ 223

Fauna of nemerteans of Amursky Bay and the adjacent areas
A.V. Chernyshev .............................................................................................. 267

Cumacea of the inner part of Amursky Bay (Sea of Japan)
L.A. Tsareva and A.A. Kepel .......................................................................... 279

Benthic flora of the inner part of Amursky Bay (Sea of Japan)
I.R. Levenets and A.V. Skriptsova ................................................................. 284
