Material Cycles and Waste Management will be held.

We are waiting for your submission until 21st Jan. Deadline expanded!

Submission and Registration: <https://www.3rincs.org/>

The 8th 3R International Scientific Conference (3RINCs) organized by the Japan Society of Material Cycles and Waste Management will be held online on 14 - 18 March 2022.

Website: <https://www.3rincs.org/>

Facebook: <https://www.facebook.com/3rincs>

Registration: <https://nws.stage.ac/3rincs2022/>

Although social activity has stagnated due to the COVID-19 pandemic, many parts of the world have already begun to rebuild their economies with green recovery policies. Green recovery is also required in the field of waste and material cycles. Under these circumstances, Global academics including Asia-Pacific, policy makers, and business people will come together for interdisciplinary discussions.

The "**General Session**" will cover wide range of topics and be a good opportunity to publish your research works as the proceedings e-book. **You can also get a chance to submit full paper for the special issue of well-known international journal** after

3RINCs. We will focus on the dissemination of information from companies and the exchange of ideas between companies and researchers/participants to discuss global issues in the field of waste and material cycles and to strengthen mutual relations. Please prepare your abstract following the guideline (https://www.3rincs.org/wp-content/uploads/2022/01/3Rincs2022_instruction-for-author210107.pdf) and format (https://www.3rincs.org/wp-content/uploads/2022/01/Abstract_model_3RINCs.docx).

In the "**Special Session**" of the conference, the latest information from various countries will be shared and discussed on topics.

The graphic features the text "3RINCs 2022 ONLINE" in large, colorful letters. Below it, "Special Session" is written in red. A list of topics is provided in blue text, accompanied by icons for Sustainable Development Goals (SDGs) 9, 12, 8, 11, 7, and 13. To the right, the text "SUSTAINABLE DEVELOPMENT GOALS" is displayed with a circular icon for goal 12. The background includes a stylized globe and a hand holding a leaf.

3RINCs 2022 ONLINE

Special Session

- **2Rs**  
- **Circular Economy**  
- **Material cycles in construction works**  
- **Decentralized MSW treatment**
